

Alert Solutions Awarded PowerSchool ISV Partner Badges

Rhode Island - Alert Solutions, a leading provider of [award-winning school communication technology](#), is pleased to announce that it received all three integration badges under PowerSchool's ISV Partner Badging System.

PowerSchool's [new badging system](#) is comprised of three levels and tests for compatibility using single sign on (SSO), having an embedded user interface (UI), and offering data exchange capabilities.

Single Sign On

Data Exchange

User Experience

The single sign-on feature allows PowerSchool users to utilize one set of login credentials — saving time and eliminating the need to manage multiple systems. The data exchange badge confirms that Alert Solutions uses the PowerSchool API for a [seamless and secure data exchange](#) with PowerSchool.

The user experience badge attests to the seamless user experience [Alert Solutions' Communication Suite](#) offers administrators – enabling users to create and launch alerts without ever leaving their PowerSchool application.

“We are very excited to be recognized for Alert Solutions’ feature-rich integration with PowerSchool,” said Kevin Alward, CEO of Alert Solutions. “This achievement reinforces our commitment to providing affordable and effective messaging solutions that meet the specific needs of PowerSchool users.”

Alert Solutions was acquired by [SwiftReach Networks](#) in January 2016, giving its customers access to SwiftReach’s Notification Delivery Network which offers unparalleled speed, reliability and reporting capabilities.

Alert Solutions currently serves more than 1,000 school districts and over 2 million students worldwide.

About Alert Solutions
