

## Alert Solutions Named a “Reader’s Choice Top 100 Product” by District Administration Readers

*District Administration Magazine has named Alert Solutions a Top 100 Product in 2012, 2014, 2015 and 2016.*

**Providence, RI**— Alert Solutions, a leading provider of [award-winning school communication technology](#), today announced its Communication Suite for PowerSchool users has been named a District Administration “Readers’ Choice Top 100 Product” for the third straight year.

Alert Solutions offers one of the most [fully-featured school notification systems](#) in the education market. This year Alert Solutions expanded the functionality of its PowerSchool Communication Suite by launching the ASI [Mobile App](#), giving users the ability to create and launch a school alert from their mobile phone.

“We are thankful for the tools Alert Solutions gives us for efficient communication with our students and their families,” said Suzanne Earley, 7-12 Secretary at North Tama County Community School District in Iowa.

Alert Solutions was acquired by SwiftReach Networks in January 2016, giving its customers access to SwiftReach’s [Notification Delivery Network \(NDN™\)](#) – a highly secure and fully redundant network that employs six data centers across North America with industry-leading control over every aspect of the notification process.

“We are honored to be included in District Administration’s Top Products list again this year,” stated Kevin Alward, CEO of Alert Solutions. “This achievement recognizes our commitment to providing affordable and effective communication solutions and industry-leading customer support to schools and districts around the world.”

The winners were compiled from 1,500-plus nominations from [District Administration](#) readers over the past year. This is the fourth time in five years Alert Solutions has been awarded the “Reader’s Choice Top 100 Product” for its PowerSchool Communication Suite and the only K-12 notification system to be designated in 2016.

Alert Solutions currently serves more than 1,000 school districts and over 2 million students worldwide.
